

# OSUNJIMI IBRAHIM | FULLSTACK DEVELOPER

Badagry, Lagos State, Nigeria | +2349160761652 | [osunjimibrahim123@gmail.com](mailto:osunjimibrahim123@gmail.com) | GitHub: <https://github.com/Osunjimi> | Portfolio: [personal-portfolio-osunjimi-ibrahims-projects.vercel.app/](https://personal-portfolio-osunjimi-ibrahims-projects.vercel.app/)

## PROFESSIONAL SUMMARY

Result-driven Full-Stack Developer with a strong foundation in both backend and frontend technologies. Proficient in building scalable, secure, and maintainable web applications using Laravel and React. Experienced in MVC architecture, API development, database management, and modern UI implementation. Known for writing clean, efficient code and collaborating effectively in agile development teams. Passionate about solving real-world problems through software and continuously learning new technologies.

## CORE COMPETENCIES

**Languages & Frameworks:** PHP (Laravel), JavaScript (React)

**Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React

**Backend & Database:** PHP, Laravel, MySQL, Laravel Eloquent ORM

**Architecture:** MVC, OOP, RESTful API Design

**Authentication & Security:** Laravel Auth, JWT, Sessions & Cookies

**Tools & Platforms:** Git, GitHub, Postman, Visual Studio Code

## PROFESSIONAL EXPERIENCE

### Backend Developer | Sunmence Solutions

*Ogbomoso, Nigeria | Jan 2025 – May 2025*

- Developed backend services and APIs using PHP and Laravel.
- Collaborated with frontend developers to integrate features and data.
- Implemented secure session management and server-side validation.
- Participated in regular code reviews and team planning.

### Full-Stack Developer Intern | BuggyBillions

*Ogbomoso, Nigeria | Jun 2024 – Dec 2024*

- Contributed to the development of a bug-fixing platform.
- Handled frontend tasks using HTML, Bootstrap, JS, and React.
- Created and maintained backend endpoints with Laravel and MySQL.
- Actively used Git and GitHub for version control and team collaboration.

## RELEVANT PROJECTS

### BugFixing Web Platform (API)

*Backend Developer | PHP (Custom MVC), MySQL, REST API*

An API-driven backend system designed to manage developer-reported bugs in a collaborative environment.

- Developed custom RESTful APIs using PHP (without frameworks) for bug tracking and user management.
- Implemented endpoints for user authentication, bug submission, status updates, and assignments.
- Designed a lightweight custom MVC architecture to separate concerns and improve maintainability.
- Used MySQL for persistent data storage and optimized query performance.
- Ensured security through token-based authentication and server-side validation.

### **Voting App (Full-Stack Laravel + Blade)**

*Full-Stack Developer | Laravel, MySQL, Blade, HTML, CSS, Bootstrap*

A complete digital voting system with both frontend and backend components built in Laravel.

- Created responsive Blade templates for user interface and voting flows.
- Built and secured features like user authentication, candidate management, vote casting, and result visualization.
- Implemented form validation, middleware access control, and session handling.
- Used Laravel's Eloquent ORM for clean and efficient database interaction.
- Ensured a smooth user experience across devices with Bootstrap styling.

### **CV Generator Web Application**

*Solo Developer | PHP, Bootstrap, HTML/CSS*

A web application that lets users fill out forms and download custom-generated CVs.

- Built frontend forms with Bootstrap for responsive data entry.
- Processed and formatted input into styled resume templates using PHP.
- Added simple logic to enable instant CV previews and download functionality.

### **Foreign Food Showcase Website**

*Frontend Developer | HTML, CSS, Bootstrap, JavaScript*

A visually engaging website that displays various international cuisines and food categories.

- Developed dynamic frontend features using JavaScript for image galleries and filtering.
- Used Bootstrap for grid layouts, responsiveness, and mobile-friendly design.
- Focused on clean visual presentation, interactive user experience, and accessibility.

## **EDUCATION**

### **Bachelor of Technology in Computer Science**

Ladoke Akintola University of Technology (LAUTECH), Ogbomoso, Nigeria.

Graduated: 2025
